

PebbleBash Workshop

Managing buy-in, training and support at an Enterprise-level: The Practicalities

Introduction and instructions

- We will be doing two activities
- For activity 1, divide into groups (mixed institutions, mixed countries)
- Each group will be given
 - a persona
 - a paper form: “Persona with 3 questions” for group notetaking

BILL MCKEE

“ I enjoy pushing the boundaries of what Ed Tech can do for my students in my discipline ”

JOB ROLE	Professor
AGE	48
EDUCATION	Post-grad
ROLE IN UNI	Innovator and Educator
VALUES	Students, freedom, time

GOALS & WINS

- SUPER KEEN!
- To give students a quality learning experience
- Wants to present at PebbleBash

TECH USE

- Keen to try new Ed Tech (usually one of the early birds or pilots!)
- LinkedIn, Twitter, personal Blog
- LMS, Lecture capture, Voice Threads

PERSONALITY

PAINS & FRUSTRATIONS

- Time poor!
- Balances research and teaching but struggles with this
- Administrative work

INFLUENCED BY

- Faculty L&T Leadership
- Outstanding academics in my discipline
- Student Evaluation of Course and Teaching surveys

Activity One (~15 minutes)

In each group

- Familiarise yourself with your group's persona
- Brainstorm issues relating to buy-in, initial training and ongoing support from the perspective of the persona
- Notetaker to write up "Persona with 3 questions" paper

Activity One → Activity Two

- Groups come back together
- Explain Activity Two
- Each person to receive paper forms “What Griffith did” for notetaking (1 set for each person)

Activity Two (~15 minutes)

- Each group presents ideas from their persona. We will also share our experiences of what we did at Griffith - what worked and what didn't work so well in practice.
- Each person can use the forms to collect ideas about the practical things that will meet the needs of the various personas - ideas you can take away to your institution!

Wrap-up

- We will collect your group notes with persona ideas
- Ideas will be posted on a Padlet, please feel free to add yours as well
